Foreword

Welcome to the Regulations for the 2018 John Mulholland Motors Ulster Rally. This year we have moved our base back to the Antrim and Newtownabbey Borough Council area where we were last based in 2012.

The event will be centred on Antrim town with our Headquarters, Rally Offices, Scrutiny venue, Central Service Area and the Start and Finish being based in the town. Principal controls on Friday and Saturday will be operated in the centres of Ballyclare and Randalstown.

From Antrim the rally will go North and East on day one to the classic North Coast and Glens stages while day two will see the rally going out to the West. The central service area will remain in Antrim town throughout the event.

Our headline sponsor is once again John Mulholland Motors whose Randalstown showrooms are only four miles from the core of the rally. John himself has been heavily involved in rallying for over thirty years and we are indebted to him for providing a very significant commitment to our event. John Mulholland Motors operate three franchises consisting of Skoda, Hyundai and Ford, all of which share a strong rallying pedigree.

The overall time schedule for the event has a choice of Recce days. Scrutiny is on the Thursday night or Friday morning, with an optional Shakedown stage on Friday morning before a lunch time Start at Antrim Castle. After the final stages the finish will be back in the same location in Antrim on Saturday afternoon.

In 2018 we welcome to Northern Ireland, Antrim and Newtownabbey, Ballyclare and Randalstown the contenders from the FIA European Rally Trophy (Celtic Cup), the MSA Prestone British Rally Championship and the Irish Tarmac Rally Championship.

Also this year we are offering a John Mulholland Motors Ulster Saturday Rally, which will take place over the six stages on Leg 2 of the event.

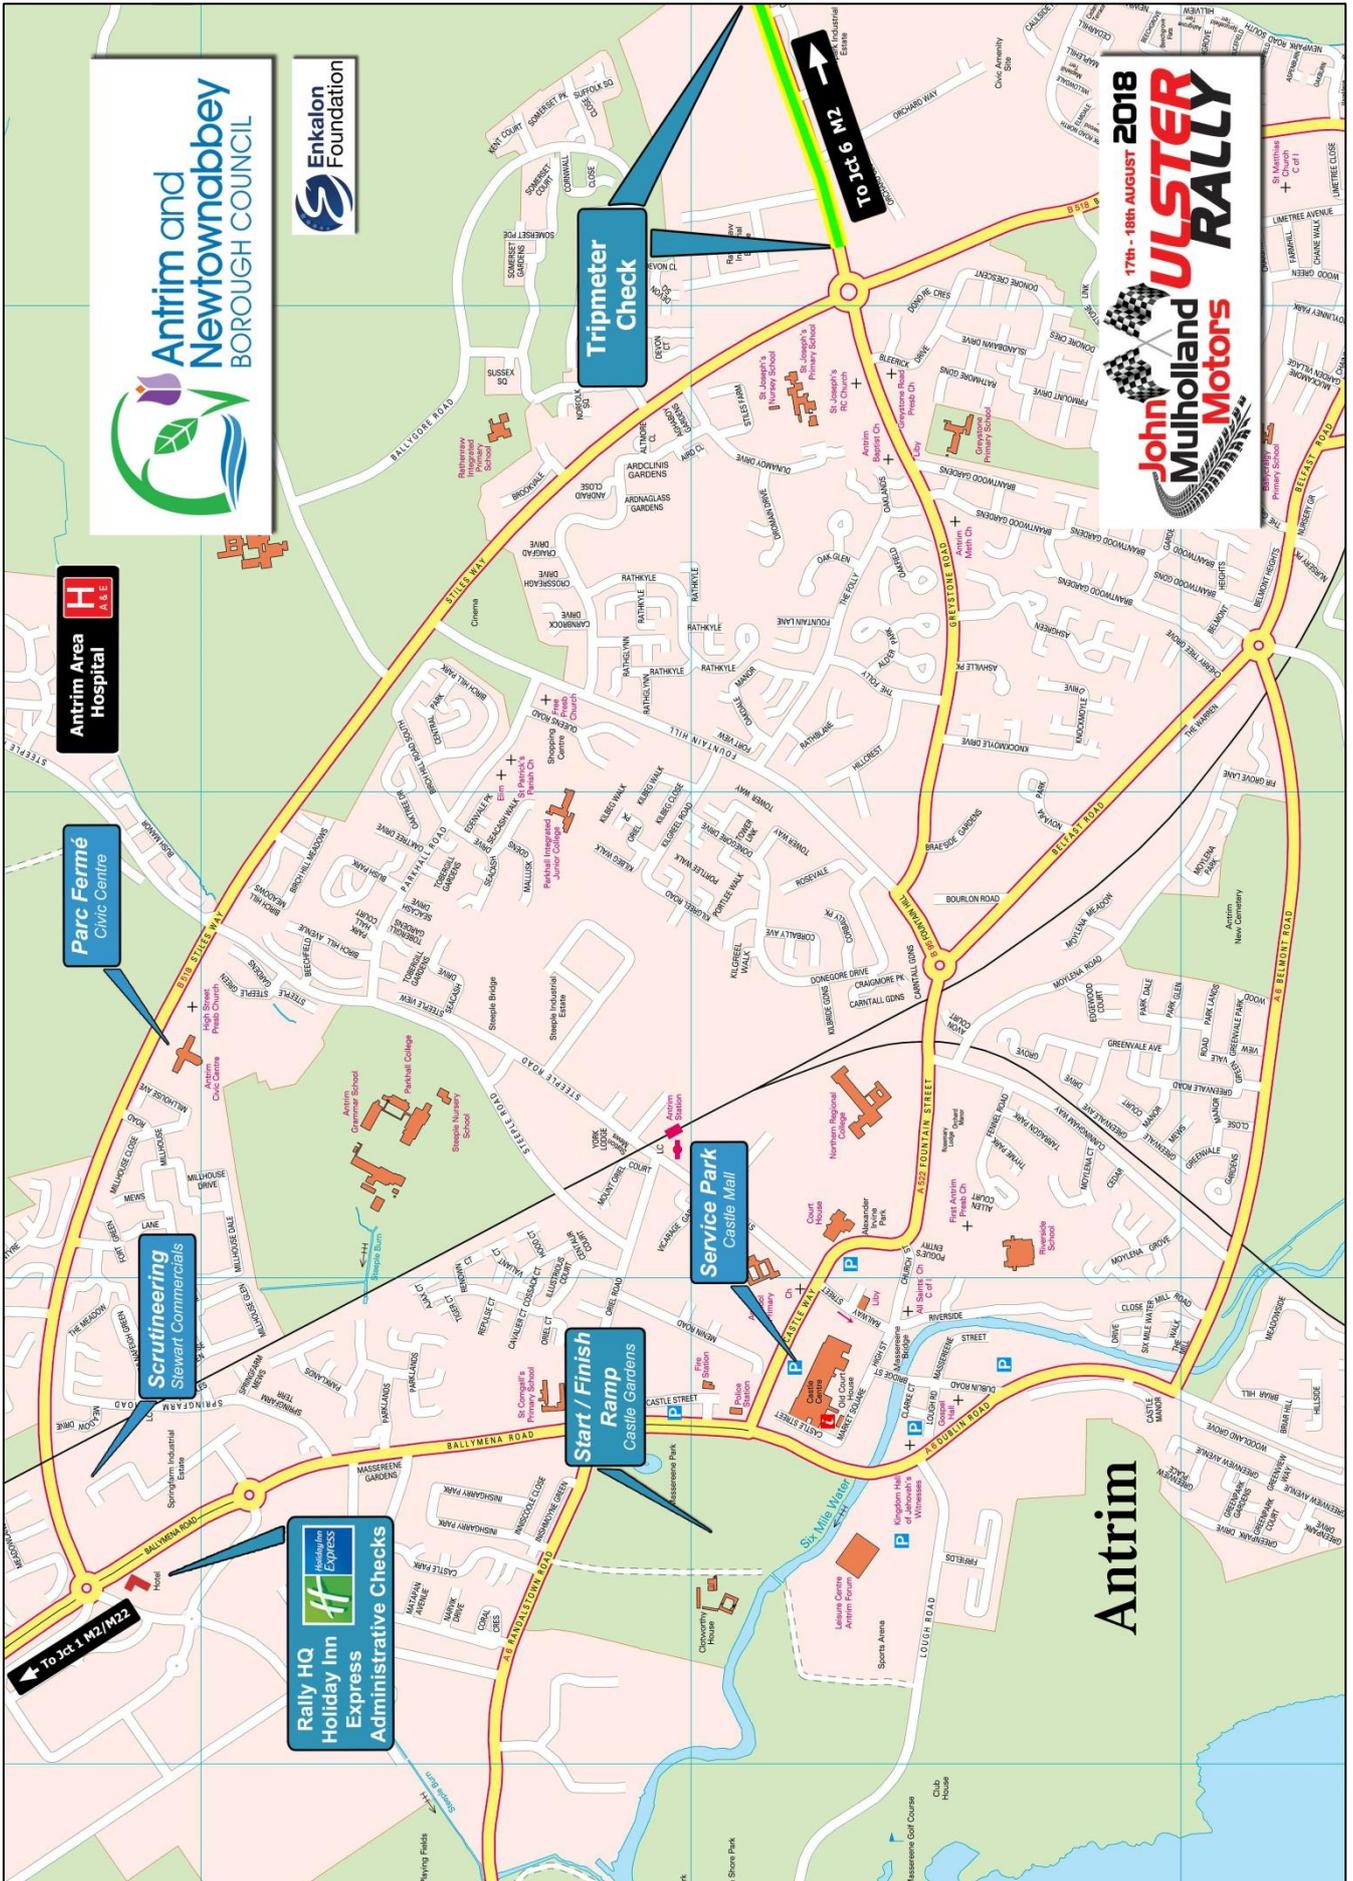

I would like to draw your attention to a few key points:

- **Entries may be submitted on-line on www.ulsterrally.com** and there will be facilities available to enable competitors to check the status of their entry. We would encourage people to use this facility if possible for speed, accuracy and less onerous administration.
- There will be a single Service Park located at the Central Car Park in Antrim. **No servicing of any nature is permitted outside this Service Park.**
- Space in this Service Park is limited and each rally car will be allowed one service vehicle within the entry fee structure. **Other vehicles may apply for a Permitted Vehicle pass, at a fee (£ 200), but are not automatically guaranteed a space. The space will only be confirmed after the fee is paid and the first come, first served principle will apply.**
- Fuel, Re-fuelling and the use of generators within the Service Park will be strictly controlled. Please see Rally Guide 1 and the more specific guidelines to be issued later. **Any contravention may result in a Service Crew and their equipment being asked to vacate the Service Area for the duration of the event.**
- Timing on Special Stages will be to one-tenth of a second, with a 'traffic lights' start signal, incorporating a jump-start beam and a 'beam timing' finish signal system. Timing will be from the **Stage Start Control to the next Arrival or Regroup Control.**

We are very pleased to offer competitive entry fees and also have special ferry deals for overseas crews – please see the web-site for more details. I hope this will help you to enter the event, and that you will have a safe, enjoyable and challenging rally.

On passing a red flag displayed by a marshal wearing a marshals' tabard, the driver MUST immediately and significantly reduce speed as well as being prepared to stop at any time; at no time must they overtake any safety vehicle that they encounter on the special stage route. The driver must then follow the instructions of any marshals and/or safety personnel and maintain this reduced speed until leaving the special stage.

However, no crew that is totally or partially responsible for stopping a stage may benefit from this measure. If they finish the stage, they will be given the time that they actually set even if this is greater than the time awarded to other crews.

Any crew which has failed to complete a Leg can re-start the rally from the start of the next Leg only if they confirm in writing their intention to the clerk of the course one hour prior to the publication of the start list of the subsequent Leg. The competitor must advise the organiser of the reason for retirement (e.g. accident, technical problems, etc.) and the intention to have the car re-scrutineered.

This shall apply to any car which has been not classified on the grounds of exceeding the time limit or has failed to report to a control, but shall not apply where the car has been disqualified for breach of eligibility requirements, traffic infringements or by a decision of the stewards.

12.5.9.6 PENALTIES

For all crews which re-start a time penalty will be applied. This time penalty will be as follows:

1. For every stage missed: 7 minutes.
2. However, should the first special stage that is missed be the last stage before the overnight regroup, the penalty will be 10 minutes.
3. This time penalty will be added to the fastest time of the driver's group for each missed stage, which shall include the special stage on which the crew has retired.
4. Should retirement occur after the last special stage before an overnight regroup, the crew will nonetheless be deemed to have missed that last special stage.

12.5.9.7 FIA RRSR 46.3.1 is modified to read: Competitors restarting the next leg must present their cars to the scrutineer at the Parc Fermé out control at the start of the next leg at least 30 minutes before the start time of the first car.
